Architecture & Interior Design
Diploma

Course Overview

Architecture and Interior Design Course prepare you for a new career as a professional interior decorator, interior designer or interior architect. These courses also offer the flexibility of home study (also known as distance learning or correspondence), so you can gain your new qualification in a way that suits your lifestyle. It is an in-depth course that covers the fundamentals of interior design and decoration, preparing you for a career in the interior design industry. Any interior design consultant working with interior spaces must have the skill and ability to select appropriate color and style details, as this is the only way to create interior schemes that are visually attractive & coherent.
